### **Awards 2020**

World Congress on Healthcare & Life-Science Research is one of the leading community based events of its kind bringing together professionals in the field of nutrition from around the globe representing all branches of the nutrition, researches, developments, technology, equipment; all converging with the intention to inspire and transform collective knowledge into innovative solutions to help evaluate our planet with best healthy nutrition

Nutrition is an important support of human life, health and development across the entire life span. Good health is important to living a productive life, meeting basic needs and contributing to community life, Nutrition leads to a Healthy life style promotion. [Health](#) and nutrition is an increasingly important preference for populations around the world. Nutrition is increasingly concerned with metabolic paths and metabolism, the sequence of biochemical steps through which substances among living organisms change from one form to another. Nutritional well-being depends upon four main factors: food, care, healthiness, and atmosphere. Food safety and nutrition is of prime importance, unhealthy intake and nutritional deficiencies are the major causes of the deaths.

#### **Expert Level (Scientific Service Achievement Award)**

This award is most prestigious and honour individuals in the [Life Science](#) who have demonstrated exceptional leadership and made significant contributions through their outstanding career achievements and support in the areas of [life science](#). The eligibility of achieving this award should have minimum +20 years of experience. They should have a dedicated and should take Enthusiasm in researching the recent trends and developments towards the related subjects.

#### **Professional Level (The Research Contribution Award)**

Award for Research Contribution recognizes outstanding peer reviewed research in [Life Science](#). It can be individual or team who have proved their excellence in research developments work. The experienced researchers who made remarkable changes in the areas of [Life Science](#) etc., will have the opportunity to get these kinds of awards which may help their professional career.

#### **Scholar Level (The Upcoming Researcher Award)**

Scholar level award is for the upcoming researchers and scientists in the field of [Life Science](#). The award is to encourage the young scientists to develop the medical technologies and treatments for the abnormalities related to [Life Sciences](#). This conference will give a best platform to explore, to get networking by sharing your research work.

#### **Women Scientist (The Women of Science Award)**

To encourage women scientists and researchers our conference will provides exclusive platform for women scientists for presenting latest research projects and Award. This will be a great opportunity to share your research work and knowledge to get globalized contacts and recognition. This will help women Scientist career development.

**Outstanding speaker in lifescience annual 2020**

This award seeks to recognize individual who is implementing plan of projects for long term development in the fields of [Health Care](#) and [Life Sciences](#). This award will inspire the scientists or researchers to Create innovative schemes and stratagem for future advancements.

**Best Keynote Speaker in lifescience annual 2020**

This award is distinguishes for best Keynote speaker who will present their projects, tactics, and organizations that have been implemented to improve enduring excellence in [Life Science](#). This will help in Future aspects to follow and advancement technologies for development in the field of Life Science.

**Best Poster Presentation in lifescience annual 2020**

Student Poster Competition is congregated at Conference, to reassure students and recent graduates to present their original research. The best poster certificate will resemble your performance and excellence and it may help you to improve your career growth.

**Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in lifescience annual 2020**

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of [Life Science](#). Our conference will help in the career development of young scientists and researchers by gaining Awareness and getting worldwide contacts.
